## Nazis Using Big Guns On Western Front

PARIS, Nov. 1 (Reuter).—On the Western Front, the Germans have brought heavy guns to bear on the French lines. Shells are reaching villages behind the front lines.

"British bombers, carrying out night reconnaissance over Germany, once again have had to dodge flying onions," writes Reuter's Special Correspondent with the Royal Air Force in France.

"This is anti-aircraft fire in which one or more shells are linked by chain with the idea that when the shells burst the chain will wrap itself round the aircraft and set it alight."

"Bombs will be loaded on British planes in France this week for the first time since the war began, but will be used only for target practice."

**GERMAN PLANE SCARED OFF**  
LONDON, Nov. 1 (Reuter).—A German seaplane appeared off the Norfolk coast this morning. A British plane went up and the German machine flew away.

Another German machine tried to attack a convoy, but the raider was driven off by a British plane and anti-aircraft fire. Two bombs are reported to have been dropped but no hits were registered.

**RESTRICTION ON NEWS**  
BERLIN, Nov. 1 (Reuter).—News from Germany will be more scanty as a result of further restrictions on news to neutral countries.

The reason given for the restriction is that enemy spies are using the "unrestricted" facilities of German news routes for espionage.

Neutral correspondents can only use a few authorised telephone numbers.

**FIRST LORD VISITS FLEET**  
LONDON, Nov. 1 (Reuter).—Mr. Winston Churchill, First Lord of the Admiralty, yesterday visited the Fleet in Scottish waters.

**BRITISH GUN-POWER**  
PARIS, Nov. 1 (Reuter).—Neutral military experts comment with enthusiasm on the mobility of the gun-power of the British Forces in France. They say the British Army is capable of beating an equivalent German force under any conditions.

French officers who have visited the British sector say our lines are completely impregnable.

## SHANGHAI PUPPET POLICE FIRE ON FOREIGN PATROL

### FAR EAST "PEACE" RUMOURS: LATEST CROP Even Tokyo Denies

CHUNGKING, Nov. 1 (Reuter).—Reports circulated in London regarding the feasibility of imminent peace in the Far East are strongly denied by well-informed Chinese circles in Chungking.

"There is not the slightest sign," they say, "of any desire for peace in Chungking either on the part of the Government or the public."

Hitler, who expected Russia to help him, even militarily, has received a jolt from—(see Column 5).

Chinese leaders who recently returned to Chungking after touring the various fronts are stated to have said: "People in Chungking cannot realise the strength of the Chinese forces in the field, who can hold their ground, whatever changes may occur in the international situation."

**SHANGHAI RUMOURS**  
SHANGHAI, Nov. 1 (Reuter).—Despite official denials, rumours of peace in the Far East continue to break out anew week after week.

A Tokyo message quotes the Foreign Office spokesman as categorical.

PARIS, Nov. 1 (Reuter).—Press commentaries view M. Molotov's speech as a disappointment for Herr Hitler.

Madame Tabouis, writing in L'Oeuvre, says: "Molotov seems to have affirmed permanent Soviet-German friendship, but it is obviously not what Berlin had hoped for."

"Pertinax," in L'Ordre, says: "It is clear that the Russians will remain neutral. Hitler has no longer to speculate on unknown advantages. Future relations between Germany and Russia is uncertain."

LONDON, Nov. 1 (Reuter).—Soviet determination to remain neutral is main point emphasised in all newspaper editorials upon M. Molotov's speech.

The Daily Telegraph says: "Neutrality is the kernel of the speech. Berlin had promised the world surprises, and Molotov certainly provided the surprises but not of the nature predicted."

"The world is accustomed to astonishing, turns in Soviet policy but may yet confess itself staggered by the statements advanced in all seriousness by Molotov."

"If Russia were not a great potent factor in world affairs, it would be impossible to take Molotov quite seriously, for his whole argument is a prelude to one line of policy, and his conclusion is the proclamation of another, but what he is solely concerned for is Russia's advantage or profit, not Germany's."

The News Chronicle writes: "The core of the speech was the part which stated that Russia will remain neutral, and that, from Britain's viewpoint, is eminently satisfactory and bound to cause chagrin in Berlin by putting an end to Nazi expectations of Soviet military assistance."

**HITLER DISAPPOINTED**  
The Daily Mail states: "Hitler must be a very disappointed man. He had said that Molotov's speech would be the turning point of the war, but it proved to be nothing of the sort, for the main plank was neutrality."

The Daily Herald says: "It is natural that for handling the Baltic to Stalin Germany gets nothing but words. Hitler asks for aeroplanes and submarines as payment, but Stalin gives him only speeches, notes and articles in the press."

**EFFECT IN FINLAND**  
HELSINKI, Nov. 1 (Reuter).—A communique issued today says: "It is yet too early to estimate whether M. Molotov's speech will affect Finland's standpoint but it will naturally tend to prolong the discussions."

While surprise is general at the hasty holding up of the Finnish delegation's journey to Moscow, it is realised that M. Molotov's statement may necessitate readjustment of the counter-proposals.

Newspapers draw attention to the fact that the Soviet demand for fortified positions opposite Baltic, in Estonia, would result in the important ports of Helsinki, Vihuri and Kotka being nominally under foreign control and would also result in the severance of Finland's commercial arteries at will.

Hopes are expressed that ways and means would be found to satisfy both parties.

**TIN QUOTA FIXED**  
LONDON, Nov. 1 (BWS).—The International Tin Committee today fixed the quota for the fourth quarter of 1939 at 100 percent of the standard tonnages. The quota for the first quarter of 1940 shall not be fixed at a rate less than 60 percent of the standard tonnages.

Posthumous honours will be conferred on the late Col. Ma Ping-chun, cavalry brigade commander who was killed in Honan, says Central News. Col. Ma was responsible for the recapture of Wangtienchun, a strategic village near Liuchwang.

**MAKING HAY WHILE THE SUN SHINES**  
NEW YORK, Nov. 1 (Reuter).—The New York Times declares that the reshuffle in the Italian Cabinet and M. Molotov's speech have as important a bearing on the war as anything that has yet occurred.

The journal adds that both Germany's "old partner and new" took the occasion, to underline neutrality.

There is not much comfort for Hitler in M. Molotov's speech. The whole tenor of discourse implies that Russia's sole aim is to take advantage of the conflict and strengthen her own position and extend her international influence.

It is clear that the aim of Italy and Russia is to make hay while Hitler is otherwise engaged, says the paper.

## New Puppet Regime

TOKYO, Nov. 1 (Reuter).—The China Affairs Board conference, held today, has completed its deliberations in connexion with Japan's policy towards the projected "New Central Government" of China.

The decision will be brought up at tomorrow's Cabinet meeting for approval, after which the Prime Minister, General Abe, will report the decision to the Throne.

The president of the conference, General Abe, asked the conference to discuss concrete measures for establishing the regime.

The secretary-general, Mr. Yanagawa, detailed the concrete plans as worked out by the China Affairs Board, and the conference then agreed to extend every possible co-operation for the establishment of the new government, and on this basis the "Japanese Government will positively support the movement for organisation of the new government and any attempt by others to obstruct the movement will be strictly prevented."

**SHANGHAI UNITES WAR FUND EFFORTS**  
SHANGHAI, Nov. 1 (Reuter).—In order to unite the efforts of the entire British community in Shanghai in raising funds for war service, a Central British War Fund has been created.

The objects of the Fund are "to raise funds for any purpose connected with the present war, and to distribute the same, giving particular consideration to the care and comfort of those serving in His Majesty's Forces, both during and after the period of hostilities."

Presided over by Sir Herbert Phillips, British Consul-General here, the committee to administer the fund will be composed of representatives of the leading British societies in Shanghai, the Indian and Jewish communities, the local Anzac Society, the Canadian Club of Shanghai and the South African Community.

It is probable that the British Red Cross Society will be the chief beneficiary of the Fund.

Robbers who entered a flat at No. 1, Fuk Wing Street, Shum-shuipo, yesterday, made away with more than \$800 in money and jewellery. They gained admittance to the flat on the pretence they had come to repair the cockloft, and had little difficulty in overpowering and robbing the three Chinese women occupants.

**DIED IN HOSPITAL**  
Leung Ki was later picked up by a constable, and was sent to the Queen Mary Hospital where he died on October 2.

Ng Kui, 30, keeper of the coffee stall, gave corroborative evidence. He described the quarrel between the defendant and the deceased, and said that defendant took a chopper and chased the deceased into Queen's Road.

Following further evidence, the case was adjourned to this afternoon.

**MDM. CHIANG'S PLANE DESTROYED**  
SHANGHAI, Nov. 1 (Reuter).—One of the most famous aeroplanes in China—Madame Chiang Kai-shek's private Douglas DC-2—was destroyed during an air-raid on Chungking, according to reports received here.

The plane is said to have been completely wrecked by a direct hit. Observers are reported as saying the raider which dropped the bomb was flying at such a height that the hit must have been purely a matter of luck, and the attack could not have been intentional. Engineers utilised remains of the aircraft for use in repair shops.

Madame Chiang is believed to have been using the plane shortly before the air raid. No one was injured when the bomb exploded.

**LABOUR SUPPORT FOR GOVERNMENT**  
LONDON, Nov. 1 (Reuter).—Mr. Ernest Brown, Minister of Labour, in a broadcast speech last night, described how employers and workers in this country were united in their war aims.

He said that the Council of the Trade Union movement wholeheartedly supported the Government and were prepared for great sacrifices in the cause of freedom.

## Tension Increases In Western Areas

SHANGHAI, NOV. 1 (REUTER).—ANOTHER SERIOUS INCIDENT OCCURRED IN AN EXTRA-SETTLEMENT ROAD YESTERDAY WHEN TWO FOREIGN MUNICIPAL POLICEMEN ON MOTOR-CYCLE PATROL WERE AMBUSHED IN COLUMBIA ROAD, ALLEGEDLY BY TATAO POLICE.

After firing several shots, the latter surrounded the Municipal policemen and kicked and beat them and took away a pistol and also a wrist-watch from one and a torch from the other.

Sadly battered, the Municipal policemen were rescued when reinforcements of Municipal Police and British troops arrived on the scene. After lengthy negotiations on the spot, the pistol was handed back to the police but not the wrist-watch and torch.

A British military picket then took up positions in the district.

During the negotiations between the parties concerned, two pistol shots were distinctly heard, followed soon by another.

**EXTREME TENSION**  
CHUNGKING, Nov. 1 (Central).—Atmosphere in the western districts of Shanghai again became extremely tense yesterday morning as a large increase of Japanese gendarmes and bogus policemen was noted parading the main roads, reports a Shanghai message.

Along Yuyuen Road, Edinburgh Road and near Jessfield Park, Japanese and Tatao police sentinels were doubled, while the entrances to all alleyways off the main roads were guarded by Japanese.

Japanese motor-cycle patrols were in evidence throughout the morning and afternoon.

**VICEROY CONFERS WITH GANDHI**  
NEW DELHI, Nov. 1 (Reuter).—The first conference between the Viceroy of India, Lord Linlithgow, Mahatma Gandhi, Mr. Prasad, President of the Congress, and Mr. Jinnah, President of the Muslim League, was held this afternoon, after which Mr. Gandhi, Mr. Prasad and Mr. Jinnah returned to the latter's residence.

It was the first time that the Viceroy has met the leaders of the political parties in conference.

**Navy Rescues Kidnapped Boat People**  
Kidnapped by pirates and left stranded on Brother Island, a Chinese boat-master's wife and a relative were fortunate enough to be rescued by a naval boat a few hours after they were abducted early on Tuesday morning.

The pirated boat, No. 235, was held up off Tung Chau Island by a small vessel with three men on board, who were all armed with rifles, according to the report made to the police by Leung Shuet, the owner.

The two people kidnapped were picked up at Brother Island by the naval boat at 7 a.m. the same day five hours after the abduction, and brought to Hongkong.

An amah named Li Sun, 35, was bitten by a dog as she was engaged in hanging out washing on the roof of No. 3, Hankow Road yesterday. The dog, property of the Government, was seized and sent to Matankok for observation.

**YOUTH ALLEGEDLY SLAIN AFTER ARGUMENT OVER Twenty Cents Debt**  
A debt of twenty cents was mentioned as the factor behind an argument which led to the killing of a Chinese youth when Tang Chu, alias Shu Tang-tsai, aged 24, was charged yesterday with the murder of Leung Ki, 21, at Chinese Street on September 28.

The preliminary hearing was held before Mr. R. Edwards at the Central Court, with Mr. J. B. Prentis, Assistant Crown Solicitor, conducting the prosecution, assisted by Det.-Insp. L. R. Whant.

The deceased, it was stated, was in need of a loan of twenty cents, and he approached his friend, Chan Kam-on, for the money. Chan agreed to the loan, but did not have the money on him, and told the deceased that the defendant owed him a sum of money, and he would lend the sum to Leung if Leung would get the money back from accused.

Together they approached the defendant for the repayment of the loan, and a quarrel ensued when the deceased intervened and also pushed the defendant on the shoulder.

It was alleged that the defendant then went to a coffee shop and picked up a chopper, with which he pursued deceased. Defendant was alleged to have several blows on the deceased and then disappeared.

Following further evidence, the case was adjourned to this afternoon.

## FOREIGN CURRENCY, FIXED SAVINGS REGULATIONS ANNOUNCED BY CHUNGKING

CHUNGKING, Nov. 1 (Reuter).—The Ministry of Finance today announced regulations for foreign currency and fixed savings deposits with the Chinese Government banks, "for the benefit of Chinese overseas and merchants in China."

According to the regulations, Sterling, United States Dollars and Francs, or other recognised foreign currencies, may be deposited with the four Government banks as fixed savings deposits. Payment of the principal and interest would be in the original foreign currency deposited.

The interest will be four percent per annum for two years, five percent for three years, six percent for four years and seven percent for five years.

The regulations also permit depositors to convert Chinese currency into foreign currency in fixed savings deposits, but within the value of \$20,000 Chinese currency.

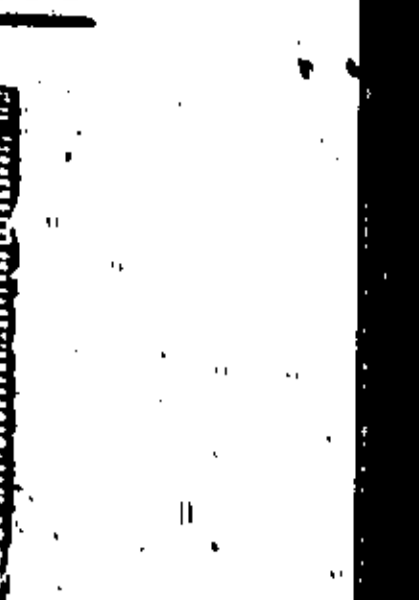

The conversion of Chinese currency into foreign currency will be made at rates fixed by the Government banks, and payment of principal and interest will be made only by the original bank with which the deposit was made.

The interest will be two percent per annum for three years, two and a half percent for four years and three percent for five years.

**AUSTRALIA'S BIG DEFENCE PROGRAMME**  
SYDNEY, Nov. 1 (Reuter).—Details of a big expansion programme for Australian defence was announced by Mr. R. G. Menzies following the meeting of the War Cabinet today.

The programme includes the purchase of an additional 50 Lockheed Hudson aeroplanes from America, subject to revision of the Neutrality Act, construction of three instead of two destroyers, mechanisation of the Army at a cost of \$500,000 and the establishment of four additional munition factories.

Australia's war expenditure for 1939/40 is estimated at \$59,500,000, exclusive of the cost of participation in the Empire Air Training Scheme.

## HOW SCOTLAND & SWITZERLAND ENTERED THE GUTIERREZ SHIELD FINAL ON SATURDAY

### ENGLAND'S DEFEAT WAS A COMPLETE SURPRISE

(BY "JACK HY")

Scotland and Switzerland have entered the final of the Gutierrez Shield competition as the result of their victory last Sunday over India and England, respectively.

Whereas Scotland's victory over India was not entirely unexpected, Switzerland's success against England came as a complete surprise. Many bowlers had taken it for granted that the game was already in the bag for England, and that Scotland would have to go all out in order to beat India.

Well, Scotland and India did have a pretty close game; however, though the difference in the final score was only five, the Scotsmen were never at any time seriously threatened as they had the lead right through the game.

England, on the other hand, far from dominating the game, were actually fighting with their backs to the wall, and though, like the Indians, they lost by five shots also, at one stage of the game they were as many as twelve shots behind their opponents.

#### FIRST BLOOD

Switzerland (represented by W. Naef, I. Gaddi, J. S. Landolt and C. S. Rosset) drew first blood against England and scored three on the very first head. This was followed by a couple of twos and another three to make the total ten for the first four heads before England (S. Randle, F. Goodwin, A. J. Hall and B. W. Bradbury) finally managed to put in one.

Everyone playing well, Switzerland kept on increasing the score and were leading by 19-8 on the 14th head.

**PUBLIC ENCLOSURE**  
The price of Admission to the Public Enclosure is \$1.00 including Tax, for all Persons, including Ladies, and is payable at the Gate. Soldiers and Sailors in Uniform are admitted Half Price.

By Order,  
**C. B. BROWN,**  
Secretary  
Hong Kong, 30th Oct. 1939.

On the following head, England would have had three shots if Bradbury had been content to keep them, but in attempting to put in another one (he later vouched the information to the spectators that he had been "greedy") he had the mortification of pushing up one of Charlie Rosset's front woods for the shot.

However, England scored nine shots on the next two heads to trail 17-20 behind on the next two heads. Actually, England would have been leading by 20-19 at this stage if they had been able to keep the three which Bradbury threw away through lack of caution.

#### NOT YET LOST

The day for England, however, was not yet lost as a single on the 18th head and another on the 19th saw England only one shot behind Switzerland. England had one wood touching the jack on the 20th head, when Joe Landolt sent down a fastish one which forced the kitty a yard back, but the shot was still against Switzerland.

Charlie Rosset, however, did an excellent piece of work when his last wood took the jack into the ditch for a count of three. England needed five shots to win on the last head. The task proved too much for them. Switzerland took one on the last head.

As I said, for Switzerland every one played well, particularly Joe Landolt whose drawing and pound-on shots were accurate. L. Gaddi, as number two, was good, and easily had the better of Frank Goodwin who was definitely "off colour" last Sunday.

W. Naef, the Swiss leader, had his moments of usefulness, but he was not as consistent as Sam Randle who I think was easily the best man for England on the day's performance. I had expected more of A. J. Hall, England's number three, as he was playing on a green every inch of which was familiar to him, as was, of course, Sam Randle.

#### BETTER STANDARD

A definitely better standard of bowls was served up on the adjoining green where Scotland and India contested the right to enter the final round. J. C. Chalmers, W. L. Walker, J. C. Fender and A. M. Holland played for Scotland and India's representatives were J. Hoosen, A. M. Omar, A. K. Minu and U. M. Omar.

Scoring five on the first two heads, Scotland took an early lead which they never lost throughout the game, though on the fourth head they were only a single shot ahead of India. However, seven shots on the next three heads put the Scotsmen well ahead again; they were 18-7 in the lead on the tenth head.

The Indians must have realised the gravity of the situation then; they tried desperately to stave off defeat. But the effort came too late, for though they were able to score nine on six of the following eleven heads, Scotland's five singles in the closing stages of the game enabled them to win by as many shots.

#### GOOD BOWLS

The Scotsmen all played good bowls, but special mention must be made of W. Walker whose performance last Sunday was

## Charity Soccer Team Picked

A team was picked yesterday at the meeting of the Hongkong Football Association to represent Hongkong against the United Services in a charity football match on November 12, in aid of Poppy Day funds.

Lee Wai-tong, of the South China "A" will captain the Eleven. The match is to commence at 4 p.m. at the Club ground, and will be proceeded by a Junior match.

The team—  
Cheung Wing-chui (S.C. "B"); Blackburn (Police), and Lee Tinsang (S.C. "A"); Leung Wing-chui (S.C. "A"), Williamson (K.F.C.), Hsu King-sing (Eastern); F. Fowler (Club), Fung King-cheung (S.C. "A"), Lee Wai-tong (S.C. "A"), A. V. Gosano (St. Joseph's), Hau Chin-to (Eastern).  
Reserves—Lee Kwok-wai, Forrow, Young, Shu-yick and Lai Shiu-ung.

#### PLAYER CAUTIONED

Gunner Whittle, of the 5th A.A., was cautioned at an Emergency Meeting of the Hongkong Football Association held yesterday, for remarks passed on the referee during the match played between the 5th A.A. and the 8th Heavy R.A. on Saturday, October 14.

## R. SCOTS BEAT POLICE

Playing at Boundary Street, yesterday, the Royal Scots beat the Police by 12 points to nil. The game was played without posts, and the only scoring was from tries.

Capt. Duke had two tries. Lt. Pinkerton one and L/Cpl. Boe one.

The Royal Scots' almost monopolised play and the Police never looked like scoring.

classic (if this adjective could be applied to bowls). As Scotland's number two, he was drawing with such uncanny accuracy that he made A. M. Omar appear like a novice.

With Jimmy Chalmers and Jock Fender doing everything that was wanted of them, Adam Holland had his job cut and dried. U. M. Omar, on the other hand, found himself up against it most of the afternoon in spite of the fact that A. K. Minu gave him ample support.

On quite a number of heads, when a drive was obviously called for, Omar could not take the chance, as he was not well protected at the back. Omar himself did not play as well as he did against Malaya in the second round.

#### FINAL ON SATURDAY

The final of the Gutierrez Shield competition will take place on Saturday on the Kowloon Football Club green between Scotland and Switzerland. Unless Switzerland spring another surprise, I think they will be in for a licking. I have every respect for the Scottish team and if they should play anything like they did on Sunday last, when they beat the Indian rink, they should win comfortably.

## H.K. JOCKEY NEWCOMERS PROVIDE STAR TURN IN LAST SUNDAY'S SOFTBALL PROGRAMME

BY R.O.Y.

Making their debut in the local competition, Liga Portuguesa provided the star turn of last Sunday's softball programme by gaining an unexpected victory over the English Forum squad by 6 tallies to 4.

Local critics, without exception, had tipped the Forumers to win by a wide margin, but, despite outpitching the winners 7-4, two costly errors by Johnny Lee gave the Portuguese boys their winning runs in the ninth frame.

The former St. Joseph's stars, Tony Ozorio and Francis Neves played invaluable ball for the winners at shortstop and first base respectively.

Lefty Lopes, relieving Eddie Souza on the mound in the fourth stanza, held the opposition scoreless over the latter half of the game and received grand support from Backstop Harry Campos.

#### SCORING POSITIONS

The Forumers had runners in scoring position in almost every inning of the match, but their hitters were unable to come through in the pinches; only Harry Chinn was able to connect more than once. Pang was responsible for some fancy fly-shagging at centre field. Yum was quite efficient at the initial sack while Kitchell and Tommy Young showed flashes of brilliance at short and second respectively.

#### EASY VICTORY

The Hongkong Ball Club took full advantage of the inexperience of Recreio Bees, to win by the comparatively easy margin of 7 runs to 2. Lima surprising error in the second frame to allow the Ball Club to chalk up a lead which they never lost. Hal Wing Lee, with the opposing fielders playing deep, managed to drag a brace of singles just over the infield, for his best day at bat in ages.

Dave Leonard belted a triple and a homer while brother Stan connected for a double, and a single. A strange feature of the game was that not a single batter struck out while only one free pass, by Jackie Noronha, was issued.

For the losers, Lima and Al Alvarez garnered two bingles apiece while Tota Prata accounted for the longest hit with a roasting double to centre. Tony Alves played his usual brilliant game at the Windy Alley but most impressive was the fine showing of Johnny Fonseca at left field.

#### V. R. C. SUCCESS

The Filipino Ball proved to be no match for the youthful Victoria Recreation Club gang, registering only two hits off the steady hurling of Kelly Silva-Netto, and only just managed to save the whitewash by scoring two in the final frame on 1 bingle and a couple of bobbles.

Bimby Abiong took individual honours with three safeties in four trips to the plate, and had an errorless day at the Keystone sack. Dave Hutchinson, Arculi, Gaan and Azedo connected for two apiece of the winners bag of 14 hits.

#### HITTING SPREE

The Hongkong Baseballers gave the Canadian Chinese plenty of opposition for five innings, but the latter went on a hitting spree to tally seven times in the sixth

## C.B.S. LOSE AT CRICKET

### Win For Command Headquarters

A friendly cricket match was played at the Central British School yesterday when Command Headquarters beat the School by 154 runs. It was the first defeat of the season for the C.B.S. XI who have so far won five matches and drawn one.

The School were without W. G. Fryde and Albert Odell, two of their better players. Command Headquarters batted first to declare at 208 runs for the loss of six wickets. Capt. Grime contributed 63 to this total, Col. Rogers 31 not out, and Sgt. Denver 48. R. G. Labrum took two wickets for 34 runs, and E. X. Huxley two for 39.

C.B.S. could reply only with 55. A. W. Brown scoring 16 and E. V. Lockhart 19. S/S. Watson took four school wickets for 28 runs, and Sgt. Denver six wickets for only 8 runs.

## STUBBS CUP POLO

There was no play in the Stubbs Cup Polo Competition yesterday the matches arranged for last afternoon having been cancelled.

The Tournament games will be continued on Friday and again on Monday, Wednesday and Friday next week.

## HONGKONG GOLF CLUB ANNUAL COMPETITION

The annual competition in aid of the Royal Red Cross Society and the Order of St. John of Jerusalem produced 141 entries. The competition was played at Fanling throughout October. The winner was W. Hewitt (17) three up.

Other scores were: Major A. S. Johnstone (6) two up, Major T. A. Meek (8), Major W. C. Harvey (10), R. Young (8), W. Sharp (9), P. C. Jackson (18), P. Morrison (13) and J. B. Harrison (20) one up, and eight scores of "all square."

third and home on the offchance that the fielders might throw wild. George Gurevitch gave an improved display at second while George Fowler took excellent care of the initial sack. Smudge Smith scored his squad's lone marker.

## CURRENT FILMS

KING'S—Winter Carnival (United Artists). America's "Comph" Girl, Ann Sheridan, plays her first starring role in a well-made and well-acted picture of youthful romance set against the background of ice sports. Definitely recommended.

QUEEN'S—The Sun Never Sets (Universal). Douglas Fairbanks, Jr. and Basil Rathbone keep the Union Jack flying against overwhelming odds. Strong stuff, but spoiled by the obvious tinge of propaganda.

CATHAY—Having Wonderful Time (RKO). Ginger Rogers and Douglas Fairbanks, Jr., in an entertaining frothy comedy with music.

ALHAMBRA—Inside Soviet Russia. Russian picture with English commentary and sub-titles, showing the social, economic and military life of the Republics.

MAJESTIC—While New York Sleeps (20th Century-Fox). High life and low doings in the great metropolis, welded into an exciting picture. With Michael Whalen and beautiful Jean Rogers.

STAR—Pacific Liner (RKO). Tense and exciting drama of the unknown perils of the high seas. With Victor McLaglen, Chester Morris and Wendy Barrie.

ORIENTAL—Swiss Miss (MGM). Laurel and Hardy, droll as ever, but not at their best. There are a few good moments.

### MONGOLS PLEDGE ALLEGIANCE TO CHINA

CHUNGKING, Nov. 1 (Central)—A delegation sent by the Mongol princes of the Ulanbator League has arrived in Wuhan to interview the Suiyuan authorities to pledge allegiance to the National Government, according to a Suiyuan dispatch.

According to the delegates, the Mongols are indignant at the Japanese constant commandeering of able-bodied men and cattle.

The National Relief Commission has received a telegram from Prince Sba, Chairman of the Suiyuan Mongolian Political Council reporting that the \$100,000 relief fund appropriated by the Commission has been distributed to the various banners in Suiyuan.

## NAZI GERMANY IS FACED WITH A NEW PROBLEM

### How To Absorb Millions Returning To Fatherland

The following broadcast talks was given from ZBW on Sunday.

Nazi Germany is faced with a new problem; how to absorb the hundreds of thousands and eventually, it may be, millions of Germans from European countries whom Hitler's policy is now bringing back, as the phrase goes, into the Fatherland.

The Germans are coming from South Tyrol, the southern part of the Austrian Alps which went to Italy after the world war; they are coming from the Baltic countries of Estonia, Latvia and Lithuania; and their numbers will soon be swelled by Germans from the Soviet Union and, if the policy of repatriation is further pursued, even from Rumania, Jugoslavia and other Balkan countries.

It has always been part of Hitler's ambitions and of his political programme to re-incorporate into the German Reich the millions of Germans who are living abroad. But little thought has been given to the practical problems which such a transfer of large masses of population would entail.

#### REALLY GERMANS?

Let us ask the question whether these Germans are really Germans in anything but language and ancestry. How did they come to live in so many European countries which never formed part of the German State?

The answer to this question differs considerably according to the countries in which these German minorities are living.

It is only in the case of South Tyrol that these people are Germans in the full sense of the word. Their ancestors have been living in the beautiful valleys of the southern Alps for many centuries. Their political allegiance was to Austria, and they never were a minority because no members of any other races have ever lived in these parts until recently.

#### POLITICAL LIBERTIES

It has to be kept in mind that these Germans craved political liberties more than any other groups of the German nation; that they always hated Prussianism with the whole vigour of independent mountain dwellers of an old and true civilisation, and that they never felt themselves part of that German Reich which was built up in Berlin. They had every opportunity of settling down in the German Reich, before and after their beautiful home country was given over to Italy, but none of them ever left his own country for Germany. When national socialism came into power in Germany, its propaganda activities spread to the South Tyrol but failed to have any effect.

It was left to Hitler to sacrifice whatever happiness there remained among those Germans in the South Tyrol. Hitler undertook to force the South Tyroleans to leave their homeland, to which they were probably more attached than any other national group on the Continent, and to settle down somewhere in Germany. One must know those courageous and liberty-loving aristocrats of the Tyrolean mountain villages, who will never forget what Hitler has done for them; in order to realize that every single one of them means a greater danger to Hitlerism in the places to which they are now being transplanted, than a dozen of his old political enemies in the country. Among the disintegrating factors contained within the Nazi system, these South Tyroleans will have to be reckoned with.

#### DIFFERENT CATEGORY

The Germans of the Baltic countries are in a different category. Their ancestry, too, dates back for many centuries, that is, to the eastward expansion of military Prussianism. None of those Germans in the Baltic countries has ever lived in Germany. Proper and few of them have even visited the country. For generations they have been living among Estonians, Latvians and Lithuanians whom they regarded as racially inferior to themselves and who, until very recently, could not help but suffer from their superiority.

Most of those Germans originally enjoyed a higher standard of living than the natives of those small countries, and they even enjoyed political privileges while the Russian czars were in control of the Baltic regions. Their relations with Germany were comparatively slight and many of these Germans intermarried with Russians and developed a feeling of superiority even over their relations in Germany.

It was only after the establishment of independent Baltic States and after the increase of economic difficulties in those small nations, both of which threatened to rob these Germans of their privileged positions, that they began to respond to the intense Pan-German propaganda from the Reich. National socialism spread its ideas to the Baltic countries and acquired considerable influence. But the expectations it aroused in those Germans were the hopes of erstwhile conquerors, whose inferiors were gaining the upper hand, inferiors whom the power of the Great German Fatherland was to subdue once more.

That is, they looked to Hitler as the man who would take control of the small countries and re-instate the German minority in the power and the prosperity to which it felt entitled. There never was any wish on the part of those Germans to emigrate to Greater Germany and to become the privileged subjects of Hitler.

#### BEEN BETRAYED

These Baltic Germans must feel that they have been betrayed, now that Hitler has changed his policy towards the Soviet Union and the proud descendants of the Baltic "barons" have had hurriedly to depart for incorporation in the Great German Fatherland.

Some of these Germans are to be settled in those regions of Poland which Germany has conquered, and they may have the hope that they are to be the real masters of those regions; although it is doubtful whether the poverty of Poland and the rigid state capitalism of the Nazi regime will allow them actually to enjoy prosperity in their new homes. Another section of these Germans is to go to Germany Proper where little respect is being paid to their ambitions and where experience of Nazi dictatorship will form a contrast with the comfortable life they were used to in their original homes.

Among these Baltic Germans, political intrigue is a traditional art; they will not be easy to assimilate.

#### OUT OF TOUCH

Then there are the Germans who are to be repatriated from the Soviet Union, part of them are descended from the Baltic Germans, while the ancestry of the others, centuries ago, emigrated to Russia as peasants and artisans. They had always been out of touch with Germany. It was only when the Bolshevik revolution over-ran Russia that they turned their attention to the old country. Nazi propaganda among them was initiated in a suitable way, in order to undermine the Bolshevik system. It emphasized the sufferings of the German minorities in the Soviet Union and painted the glorious life in rejuvenated Germany in the most glowing colours.

Once these Germans will arrive in Germany or in the districts of Poland which Germany has conquered, they will realize how they have been cheated; how personal liberties are restricted in Germany; how scarce are the good things of life in the German paradise; and that they have not gained anything but new difficulties in strange surroundings by being transplanted.

Not all these Germans, especially not all of the younger generation, may be violent enemies of Communism; or it is at least likely that some of them will remember it in a rosier light, as soon as they have to suffer acutely from national socialism. These repatriated Germans might well become active participants in the domestic German opposition to national socialism, and they may be particularly dangerous on account of their knowledge of Communist ideology and practice.

#### PROSPECTS DOUBTFUL

If Hitler extends his plans of repatriation to Germans from Balkan countries—or, rather, if he should be forced by political circumstances to solve the minority problem in this way—the prospects of assimilation would be equally doubtful. The Germans of Rumania and Jugoslavia are descended from south German peasants whom Empress Maria Theresa forced to settle in those parts. They have maintained their German civiliza-

## Radium Buried In London In Safety Pits

(FROM OUR OWN CORRESPONDENT)

LONDON, Oct. 20 (By Air Mail)—Since the outbreak of war, radium treatment in Great Britain has been almost entirely suspended. Nearly the entire stock of radium which Britain possesses—between 70 and 80 grammes—is now buried at least 50ft. underground in case of air raids.

A conference to decide to what extent and in what areas radium can still safely be used is to meet shortly. In the meantime, urgent cases are being treated, where possible, by X-ray therapy.

The present caution is necessary in view of the danger which might result from the dispersal of a quantity of radium by an explosion. Radium, even in the minutest quantity, is the most lethal substance known.

#### FIVE CENTRES

Between 35 and 40 grammes of radium remain in London, and has been distributed to five centres—St. Bartholomew's, Middlesex, and Lambeth Hospitals, the Royal Cancer Hospital, and Mount Vernon.

Artesian well borers have been used to provide safety-pits in most instances. The shelter provided, it is believed, will remove all danger of the dispersal of radium, even if direct hits are scored on the hospitals guarding it.

Deep beneath the level of Gray's Inn-road from 120 to 150 patients are being treated daily in the emergency surgeries and operating theatre of the Central London Throat, Nose and Ear Hospital.

### GERMAN REFUGEE'S GRATITUDE TO BRITAIN

LONDON, Nov. 1 (Reuter)—A refugee from Nazi oppression has sent a ten shilling note and his gold wedding ring to the Lord Mayor's Fund for the wounded. In a letter, the refugee writes: "This is last property the Nazis left me to enter England with. It is a little expression of my wife's and mine and my children's gratitude for the hospitality received here after years of Nazi oppression."

### DETERIORATION IN GERMANY BEFORE SPRING

LONDON, Nov. 1 (Reuter)—Gen. Sir Hubert Gough, who commanded the Fifth Army in France from 1918 to 1919, forecasts a great deterioration in Germany before the spring.

Germany's prospects of success on the Western Front, he says, are very small. "The problem for Germany is truly a terrible one," he concludes, "and I am indeed sorry for the chief of the German Army at this moment."

In spite of occasional inter-marriage with the races by whom they were surrounded, but their contract with Germany was always very superficial.

They, too, have been misled by Nazi propaganda, and their enforced immigration to Germany would result in a rude awakening; for they would not find the ideal state of which they had been told, nor would they receive the lavish treatment of the prodigal son which, they have been told, awaits every member of the German race.

In this connection one should remember what has happened to the population of the Saar, that small industrial district on the Franco-German border, since it was returned to the Reich, from which the Treaty of Versailles had separated it for about fifteen years. These people had been given the impression that their homecoming would be identical with the millennium. But when their territory was reincorporated into the Reich and the economic and political ties with France severed, all these promises were forgotten; wage reductions and food shortages, the tyranny of the Nazi Secret Police and eventually evacuation from their homes on account of Hitler's war provocation were what they exchanged for their life of liberty and prosperity under the French Republic.

Just before the war broke out, the Saar population was considered politically more reliable than the population of any other part of Germany. The people of the Saar, too, are on the move into other parts of Germany and they will contribute as much as the Germans from other European countries to the spread of dissatisfaction within Germany.

Through all  
the Years  
to be...

WHEN a man marries he rejoices in his responsibility towards a life more precious than his own.

He intends to earn money so that he can surround his wife with loving care to the end of her days—to support his children until they are safely launched.

But there is one way—and one only—in which he can make sure of the necessary income to do this whatever befalls... Life Insurance. Without it there is always the shadow of insecurity.

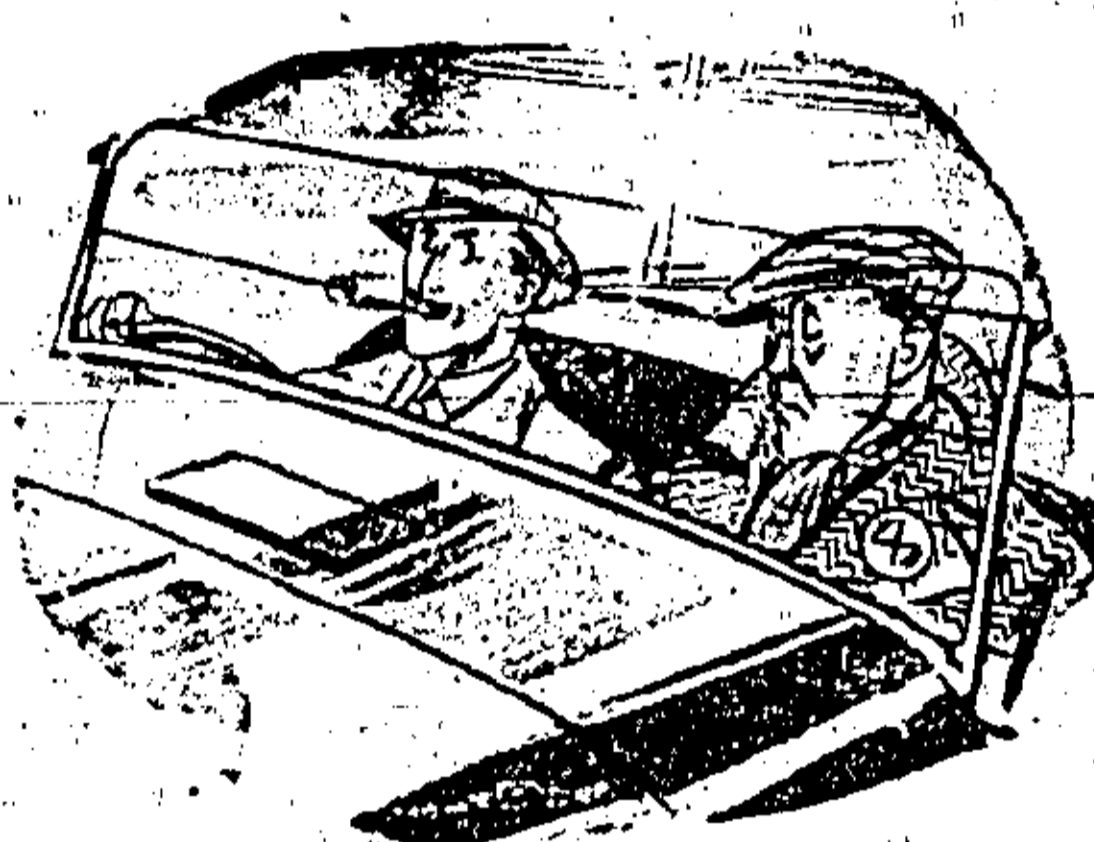

His life may be cut short. If he owns Life Insurance, planned to provide a regular monthly income for those that are left, his earning power will live on.

For proof against all uncertainties he must rely on Life Insurance.

"Good party last night, wasn't it?"  
"Er—yes—I suppose so. Somehow I don't seem to remember things very clearly. I've got a vague recollection of somebody wearing a fox."  
"Yes. That was you."  
"Oh, I see. Tell me, Philip—do you remember me being dropped head downwards from a great height on to a concrete floor, by any chance?"  
"Slight headache, eh?"  
"Philip—I wish I had your flair for understatement. I feel as though I had lived on an exclusive diet of iron filings and broken glass for the last five years. What amazes me is that you seem to be so disgustingly cheerful and bright this morning."  
"I know. It must be very expensating. A medicine man warned me to stick to 'Gimlets' at parties. So I always take the precaution of bringing my own bottle of Rose's Lime Juice. You may cock a sceptical eyebrow, Edwin—but it works."  
"How?"  
"Rose's Lime Juice is the latest thing in therapeutic agents. It restores the metabolic balance. In simple non-scientific parlance—suitable for a mind such as yours, Edwin—it prevents hangovers."

## THE INDUSTRIAL CO-OPERATIVES

WITH WARS raging in both West and East and the powers of destruction unleashed all over the world, it is particularly encouraging to witness the growth of a great constructive enterprise like the Chinese Industrial Co-operatives, which is not only doing much to achieve the industrial rehabilitation of China but offers, in the happily chosen slogan of the organization "new life for millions."

Through the work of the local Promotion Committee which, from small beginnings, has developed into a valuable clearing house of news and information, linking the co-operatives in the field with friends of the movement abroad, the public of the Colony is already acquainted with the aims and achievements of the C.I.C. It is known that a year of hard work and the far-sighted support of the Central Government has sufficed to create from the sketchy blue-print of a few enthusiasts, an organization operating over 1,200 productive units which have provided hundreds of communities all over the country with the manufactured goods they need, put tens of thousands of refugees back on their feet, and strengthened China's resistance by producing essential materials, blocking the way to the penetration of Japanese goods, and contributing to the economic stabilization of both the front and the rear.

THE NEWLY-FORMED International Committee, creation of which was announced on Monday, aims at co-ordinating and directing into the most necessary channels the foreign support which has, from the beginning, been given to the co-operatives by men and women of positive vision throughout the world. Such men also sit on the committee itself—Hongkong's Bishop Hall, Mr. T. V. Soong, Mr. Alfonso Sycip, president of the Philippines Chinese Chamber of Commerce, Mr. Rewi Alley, the New Zealander who, as Technical Adviser is the life of the work in the field, and Mr. K. P. Liu, the Secretary-General of the Organization Headquarters in Chungking, which comes directly under the Executive Yuan.

SPEAKERS ADDRESS sympathetic audiences in Europe and America, foreign publicity is produced and a vast amount of correspondence handled in Hongkong, leaders in all fields gathered in committee apportion funds, idle machinery, idle hands and money that would otherwise be spent in unproductive "soup kitchen" relief are brought together. In places where a wheel never turned before, daily necessities are produced, where poverty-stricken populations have unconsciously trodden for centuries the wealth under the ground, mines are sunk, the return from the sale of products goes to those who produce them, schools, hospitals and theatres grow up from pooled co-operative funds.

THIS IS a movement that deserves the support of everyone who sees beyond the present unhappy times to a future in which victories will be won not on gory battle-

Mr. Maurice Weill and his bride, formerly Miss Esther Rosenberg, after their marriage yesterday afternoon.

CORRESPONDENCE  
CHINESE OPINION  
ENDORSED

(To the Editor, "Hongkong Daily Press.")

Sir,—The opinion so ably expressed by a Chinese gentleman in Monday's issue of this paper reveals astute judgment and an uncanny knowledge of the complex workings of the British mind. When it is remembered that most of my countrymen have long since abandoned the idea of penetrating the said British mind, the Chinese correspondent's feat must be regarded as nothing short of masterpiece of Oriental magic.

I heartily endorse his sentiments; I would even like to shake hands with him and this gesture of emotion is only performed when somebody succeeds in winning the complete and unthought approval of Englishmen. In clarification, let me add that on such occasions we shake hands with the object of our admiration rather stiffly, and exclaim rather insipidly "Oh, well done!" Furthermore, the right to poke fun at the British people is reserved exclusively by the British people and we become very jealous, though outwardly nonchalant, whenever aliens make cracks about us.

However, to return to the subject of uniform: as far as Hongkong is concerned, I'm dead against it and for a variety of reasons. I submit that there is an element in the service renowned for grousing and injudicious grousing at that and I am sure that the High Command would find it far from easy to ascertain just what they do want. I submit also that there is an element in civilian circles renowned for curfing lips and bone heads, the snobs to wit, but I propose to ignore the unfortunate existence of both these elements for the purpose of this little argument.

My chief reason in advocating the removal of the civilian clothes ban lies in the fact that all those affected may at any time be called upon to do duty in the actual war regions. There they will endure hardship, face danger and possible death. What's more, they'll do that without demur. So until their call to arms comes why not let them enjoy life while they have it? If they get more happiness from walking out in civilian clothes, well let them. And speaking for the people of Hongkong in general, the less reminders we have of Hitler's damnable act, the better we will like it—not that we intend to forget it. That could never be.

PRO BONO PUBLICO

fields and conference halls dishonoured by betrayal but in the field of labour to improve human welfare. Hongkong should be proud to be a centre of its activity.

PROMINENT  
SYNAGOGUE  
WEDDING

Several hundred friends attended the marriage of Miss Esther Rosenberg and Mr. Maurice Weill at the Jewish Synagogue, Robinson Road, yesterday afternoon.

The bride, youngest daughter of the late Mr. G. Rosenberg and Mrs. B. Rosenberg of Harbin, was escorted to the altar by her brother-in-law, Mr. Maurice David.

Attired in a gown of white slipper satin designed along princess lines, the bride having a high yoke neck and long puff sleeves, with the circular skirt falling to the floor and forming a back train, she was one of the season's outstanding brides.

The three yard bridal veil of white silk tulle, belonging to Mrs. David, the bride's sister, fell to her waist in front and was attached to the head by a white flower spray. The bride's bouquet was composed of white cosmos and fern.

## MAID OF HONOUR

Attending Miss Rosenberg as maid-of-honour was her sister, Mrs. Dina David. Her afternoon frock of pink chiffon over taffeta of the same shade was simply styled, with circular full skirt and a bodice of gathered drapes. Mrs. David wore a pink chiffon hat trimmed with a pink veil. Pink accessories and lace elbow gloves completed the ensemble.

The groom, son of the late Mr. Albert Weill and Mrs. Rose Weill of Hongkong, was attended by Mr. Harry Joseph as best man.

A reception was later held at the residence of the groom's mother in Pokfulam.

Mr. and Mrs. Weill will spend their honeymoon at Fanling.

NEUTRALITY  
ISSUEROOSEVELT WIN  
FIRST TEST OF  
STRENGTH

WASHINGTON, Nov. 1 (Reuter).—President Roosevelt won the first test of strength in the House of Representatives yesterday over the Neutrality Bill when the House decided that the Bill should be sent forthwith to a joint Senate-House Committee to compose the differences in the measures before the two bodies.

## MORE SAFEGUARDS

WASHINGTON, Nov. 1 (Reuter).—President Roosevelt told a press conference that he would ask Congress for a supplementary appropriation of \$275,000,000 to defray the cost of safeguarding and enforcing the nation's neutrality programme, including increases for the Army, Navy, Marines and Coastguard.

## Hello &amp; Goodbye

(BY A. W. HYER)

First-of-the-week travel activities centered at Kai Tak. Since the outbreak of war in Europe, passenger traffic on all five airlines servicing Hongkong has definitely doubled. Reservations weeks in advance are being made for various destinations, and practically every service leaving and arriving is booked to capacity. From all appearances, "airplane stock" should be on the up and up!

## Imperial Airways

IMPERIAL AIRWAYS' mid-week, southbound service departed 7 a.m. Wednesday for Bangkok.

Mr. H. C. Wyant concluded a pleasant, short business call in the Colony and departed by air for his offices in Bombay. Chief X-Ray engineer, for General Electric in India, this flying traveller lately arrived from America and his home office.

A change of duty takes Mr. R. W. Cole down to Bangkok. This Imperial Airways traffic official will relieve Mr. M. H. Curtis, who by the way, has been quite ill the past week. On his recovery, Mr. Curtis is expected to proceed to London by air.

Travelling "at ease" were Capt. J. N. Wilson and First Officer J. F. Raeburn of Imperial Airways flying staff. This crew were bound for Bangkok.

## Air France

WEDNESDAY, 4.10 the weekly service of Air France "put-in" at Kai Tak.

Mrs. Wolfe Murray arrived in Hongkong and is completing a quick trip from London.

Mr. Carl Reed came by the French service from Saigon, and Mr. J. Gannly embarked on the plane at Hanol. Two Chinese passengers were also on this service; their names were not divulged.

## Pan American Airways

THE HONOLULU CLIPPER was in from San Francisco via Manila, Wednesday, 2.20 p.m.

Mr. and Mrs. H. O. Smith, members of the Pan American Airways' staff, are two new residents for the Colony. This engineer, calling in Hongkong for the first time, will relieve Mr. W. Greenough, better known as "Kink Kong," who will leave within two weeks for San Francisco.

On an inspection tour is Mr. Byrns H. English, section manager of the Far East for PAA. It has been several months since his last hello.

A Firestone Tire and Rubber Co. official, Mr. D. J. Jackson, is en route to Singapore and his office there. During the past three months this visitor has circled the globe. When Germany marched into Poland, he was in Berlin. The feeling in that city at the time was far from one of war, however, though he left Berlin immediately afterwards. From what he saw and heard, the German people did not want war but they would be ready for it if it came. At the outbreak of war, Mr. Jackson was in London, and he was one of the 1,800 passengers travelling to New York in the "Manhattan."

"People slept where they could find a place to sleep; they were not selective," is his report.

Another interesting "round-the-world" traveller arriving from the United States by the Honolulu Clipper was Mr. A. H. Odling, a resident of Calcutta. This delightful Englishman is visiting the Colony for the first time.

Mr. Lim Sui of Cavite quietly completed his first air trip. This Chinese visitor from the south is in his seventies, and though it was his first Clipper voyage, one would never have suspected the fact.

Mr. Carl M. Stewart, executive of Nielson and Company in Manila operators of the Hongkong Mines, and Mr. E. E. Cecil, manager of the Philippine office of West Coast Life Insurance Co., travelled to Hongkong on business calls.

A commuting ticket will be given to Mr. Chia Tai Cao, manager of the Plaza Cafe in Manila. It makes many more Clipper trips. To this busy gentleman Manila-to-Hongkong is a mere morning hop. Many friends were on hand to greet him on his arrival.

Japanese Question  
Prisoners At Odd Hours,  
Says Colonel Spear

SHANGHAI, Nov. 1 (Reuter).—Looking exceptionally fit despite his recent gruelling ordeal of 15 weeks' imprisonment by the Japanese Army in Kalgan, Lieut.-Col. C. R. Spear, British Military Attache, has left for home via the United States. He is on sick leave, but does not know whether he will be re-assigned to duty with the British Embassy in China or ordered to France.

In an informal chat with local pressmen before his departure, Col. Spear, whose trip overland from Chungking to Kalgan reads like the script of a thrilling movie adventure, revealed some details of his famous journey which ended with his capture.

The Colonel made the first leg of his journey from Chungking to Sian, capital of Shensi province, by air, after which he proceeded to Yen-an, north of Sian, by motor.

## DIFFICULT JOURNEY

He loitered in Yen-an for a fortnight before continuing his journey, by motor, to Misch. At Misch the difficult part of his itinerary began, as the next 1,000 miles was overland through rough, mountainous country. Of this distance, he had to cover roughly 700 miles on foot, as it was impossible to travel by any other means over the greater portion of this route.

In all, he was actually travelling for seven weeks before his arrest by the Japanese at the little mission of Shuangshutzu, near the outskirts of Kalgan.

Col. Spear was imprisoned for 15 weeks by the Japanese, 13 of these in the grim silence of solitary confinement.

Asked whether the Japanese gave him the third degree, the Colonel replied: "Well, no, I wouldn't call it that, but they picked on unusual hours for questioning, hammering questions at me from 10 o'clock in the night until 3 a.m."

BRITAIN'S CHIEF  
OBJECTIVE

LONDON, Nov. 1 (Reuter).—Answering questions in the House of Commons yesterday on the control of food, the Prime Minister, Mr. Chamberlain, said the paramount objective was to win the war, but grievances and hardships would be removed where possible.

H.K. MINE  
EXPLOSIONSTATEMENT BY  
SURVIVORS

The following statement by the survivors of the mine explosion on Monday night, when a steam launch and two junks were blown up, was released by the local Naval Authorities yesterday morning.

"The steam launch Kwong Hong, with two junks in tow, was on passage from Canton to Hongkong. At about 9 p.m. she was intercepted by a Police launch in Urston Road and ordered to proceed south of Chu Lu Kok."

"The steam launch steered a southerly course for about two hours, when she came across a Red Flag Buoy. Thinking she was clear of the danger area, she turned towards Kap Sing Mun to pass north of Chu Lu Kok."

"At about 11 p.m. she struck a mine and the launch and both junks were wrecked. About 40 lives were lost, but some 13 survivors clung to wreckage and drifted on shore at Lantau next morning."

SURVIVOR IN HOSPITAL Another survivor of Monday's minefield accident, a man named Chan Kan, who was on board one of the two junks involved in the explosion, has been admitted to the Kowloon Hospital. He is suffering from a leg injury.

EMPIRE TALKS  
DELEGATE

LONDON, Nov. 1 (Reuter).—Australia's representative for the Empire talks with the Government, Mr. Casey, Minister of Supply and Development, in London yesterday.

# SOVIET PREMIER CHARGES BRITAIN & FRANCE WITH SEEKING EXCUSES FOR CONTINUING WAR WITH NAZIS

## No Question Of Restoring Poland: Development Of Russo-German Relations

MOSCOW, Nov. 1 (Reuter).—A veiled hint to Finland that if she failed to meet the Soviet demands it would "be harmful to the cause of peace," was made by M. Molotov, the Soviet Premier and Foreign Commissar, when he addressed the Supreme Soviet Council yesterday.

M. Molotov also declared in the course of his address that there could be no question of restoring Poland and that Britain and France were only seeking new excuses for continuing the war against Germany because they feared Germany's claims to colonial possessions.

M. Molotov said that the so-called traditional policy of unprincipled manoeuvring between Germany and the Soviet and the playing off of one against the other was proved unsound and had suffered complete bankruptcy.

### ONE SWIFT BLOW

There had been one swift blow to Poland, first by the German Army and then by the Red Army and nothing was left of this ugly offspring of the Versailles Treaty which had existed by oppressing non-Polish nationalities.

M. Molotov declared: "Today, as far as the European great powers are concerned, Germany is in a position to state which is striving for the earliest termination of the war and for peace, while Britain and France, which but yesterday were declaring against aggression, are in favour of continuing the war and are opposed to the conclusion of peace."

M. Molotov declared that everybody realised there could be no question of restoring the old Poland. It was, therefore, absurd to continue the present war under the flag of the restoration of the former Polish state.

### NEW EXCUSES

"Britain and France do not want the war stopped and peace restored, but are seeking new excuses for continuing the war with Germany," he said. "British and with them, French supporters of the war have declared something in the nature of an 'ideological' war on Germany, reminiscent of the religious wars of older times."

"It is not only senseless, but criminal to wage such a war, as the war for 'the Destruction of Hitlerism' is camouflaged as a fight for 'Democracy'."

### MATERIAL INTERESTS

"The motives of Britain and France do not lie in any ideology, but in their profound material interests as mighty colonial powers."

"It is their fear of Germany's claims to these colonial possessions that is at the bottom of the present war—a fear that has become substantially stronger lately as the result of the collapse of the Versailles Treaty."

"If the fear of losing world supremacy that dictates to the ruling circles in Britain and France the policy of fomenting war with Germany. Thus, the Imperialist character of this war is obvious to anyone who wants to face realities and does not close his eyes to facts."

"One can see from all this who are interested in this war for world supremacy; certainly not the working class. This war promises nothing to the working class, but bloody sacrifice and hardships."

### SOVIET-GERMAN PACT

The Soviet-German Non-Aggression Pact has bound us to maintain neutrality in case of Germany participating in war. We have consistently pursued this course, which is in no wise contradicted by the entry of our troops into the territory of former Poland."

Speaking of the improvement of Soviet-German relations, M. Molotov said: "Development has proceeded along the line of strengthening our friendly relations, extending our practical co-operation and rendering Germany political support in her efforts for peace."

### DANGEROUS DREAM

M. Molotov declared: "We always held that a strong Germany in an indispensable condition for durable peace in Europe and it is ridiculous to think that Germany could simply be put out of commission and struck off the books. The Powers which cherish this foolish and dangerous dream ignore the deplorable experience of Versailles."

"They do not realise Germany's increased might and

fail to see that any attempt at a repetition of Versailles in the present state of international affairs, which radically differs from that of 1914, may end in disaster for them."

### SOVIET DEMANDS

M. Molotov said that the Soviet was demanding the Aaland and other islands from Finland. The Soviet wanted a Mutual Assistance Pact along the lines of those negotiated with the other Baltic States, but Finland refused.

The Soviet had asked Finland to "move back" some kilometres from the frontier in the Leningrad area and take part of Karelia in exchange. They also sought to rent some of the islands to create naval bases in the Gulf of Finland.

"Finland was prepared to concede only part of what Russia wanted and the Soviet modified its proposals; but if the Finns continued to fail to meet the Soviet requirements, it will be harmful to the cause of peace," he declared.

### ROOSEVELT CRITICIZED

M. Molotov criticised the intervention by President Roosevelt in the Soviet-Finnish negotiations as "hardly in accordance with United States neutrality."

It is not as if things were better in the United States, he said. "The Philippines had not received their independence, whereas Russia will give Finland her independence and sovereignty of 1917."

"In reply to President Roosevelt, M. Molotov had declared that the Soviet proposals did not run counter to the independence of Finland."

The Soviet's further aims were a free hand in the maintenance of neutrality and in helping to put a stop to the war.

### RELATIONS WITH JAPAN

M. Molotov declared that relations with Japan had improved, as was evident from the cessation of fighting on the Mongolian frontier. Trade talks with Japan were imminent but it was not clear what extent and how soon Japan would be ready for a vital improvement of Soviet-Japanese relations.

## Birth Control For China Is Debated

56 young men of the Hongkong English Forum last night expounded the pros and cons of the question, "Resolved That Birth Control Is Applicable to Present Day China," to an interested and attentive audience at the Chinese Y.W.C.A.

The affirmative group consisted of Messrs. Cecil Wing Lee, Nelson Ma and Jimmy Poon; and the Negative party were Messrs. Harry L. Chin, William Quan and Samuel Szeto.

The audience, composed of approximately 50 young men and women, showed keen and intelligent interest in the debate.

Mr. Wing Lee presented definite and instructive reasons why China today is ready for birth control. For the negative side of the issue, Mr. Chin challenged his opponents with the statement of fact that China today is too busy with a war and that the agencies necessary for the institution of birth control were not available at this time.

Mr. O. K. Yui, and Miss E. Thom were the Honourable Judges. Their decision was announced by Mr. Yui, who thanked the Forum for the pleasure he had received and congratulated all the debaters members on their forceful logic and delivery. The decision of the judges passed to the negative party.

## PROMOTIONS IN THE ARMY

(Reuter's Special War Service)

LONDON, Nov. 1.—Mr. Hore Belisha, Secretary for War, informed the House of Commons that about 7,000 men serving in the ranks have been recommended for training as officers since the outbreak of war.

Further returns were now due and it was to increase the total considerably.

Approximately 2,000 men were promoted to be officers since the passing of the Military Training Act.

### PROPER TRAINING

Mr. Hore Belisha added that there was no intention to send any men on service overseas until they had had sufficient training to carry out the duties allotted them. These varied, he said, for example, in the case of motor-drivers, where eight weeks might be considered an adequate training period. Most of the men, Mr. Hore Belisha stated, wanted to get to France as quickly as possible.

## AIR ATTACK ON CONVOY FAILS

### Nazi Planes Driven Off

LONDON, Nov. 1 (Reuter's Special War Service).—An enemy seaplane was seen by R.A.F. aircraft off Teorfoiv (?) yesterday morning, announced the Admiralty and Air Ministry. After a short engagement at close range, the enemy aircraft broke off combat and flew in an easterly direction.

Shortly afterwards a German seaplane of the same type attempted to attack a British convoy some miles out at sea, but was driven off by a British aircraft. Two bombs were dropped, but no damage was sustained.

## NEW GOVERNOR OF ANHWEI

CHUNGKING, Nov. 1 (Reuter).—General Li Ping-hsien, former Kwangsi commander, has been appointed to be Governor of Anhwei by the Executive Yuan in succession to General Tiao Lual, who died recently.

## CHINA WAR NEWS:

### JAPANESE HARD PRESSED HUNAN-HUPEH BORDER: CHINESE MOBILE TACTICS

CHANGSHA, Nov. 1 (Central).—Chinese troops operating behind Japanese lines have recaptured Tamchia, east of Linsiang, in North Hunan. The Japanese retreated northward.

In a clash at Kwanshantsui, east of Yanglowtung, on the Hunan-Hupeh border, on Monday night a Chinese unit destroyed seven Japanese army lorries and killed many Japanese.

The Japanese at Chingtung-yi are hard pressed. They have sent for 1,000 reinforcements from Yoyang and Linsiang.

### IN WEST SHANSI

CHUNGKING, Nov. 1 (Central).—Describing fighting in West Shansi, a Chinese military spokesman said yesterday that "the Japanese are actually walking into a trap."

The Japanese, the spokesman said, are attempting to "mop up" the Chinese on the east bank of the Yellow River extending from Kuntai in the north and Hotan in the south. Three columns based at Linfen and its neighbourhood are driving westward while reinforcements are being called in from Taihu and Pingyao on the Tatum-Puchow Railway.

The spokesman claimed that the Chinese are actively cutting

up the enemy columns. The hilly regions intersected by lakes and streams in that part of Shansi favour the Chinese mobile tactics.

### MOPPING UP

LOYANG, Nov. 1 (Central).—Following their recapture of Yitai, strategic point south-east of Puhsien, and other neighbouring villages, the Chinese forces are now clearing up the remnant Japanese units.

Meanwhile, fighting is raging near Taining, south-west of Shihien, in West Shansi, where the Chinese are putting up stiff resistance to a three-column Japanese drive.

On the Changtze sector in southeast Shansi, a vigorous Japanese offensive supported by artillery was repulsed by the Chinese with heavy losses on Monday. Many Japanese were slain.

### IN SUYUAN

WUYUAN, SUYUAN, Nov. 1 (Central).—Fighting on the Suyuan front has been at a standstill on account of a heavy snowstorm. An exceptionally cold wave is sweeping over Anpei, north-west of Paotow, and the vicinity. The Japanese at Paotow are bringing in reinforcements for fear of Chinese guerrilla raids.

### JAPANESE REVERSES

AN UNDISCLOSED PLACE, SHANTUNG, Nov. 1 (Central).—Remnant Japanese units near Lutsun, north-east of Sintai, in Central Shantung, which was recaptured by Chinese troops recently, have been "mopped up."

Some 300 Japanese who retreated towards Mahsueh, South of Lutsun, have been surrounded.

A Japanese drive near Kiao-chow, in east Shantung, resulted in a disastrous defeat. The invaders fled in the direction of Kaomi, Changyi and Weihsien, leaving some 200 bodies behind.

### BITTER FIGHTING

SIJUSEUI, KIANGSI, Nov. 1 (Central).—Chinese troops reached the north city gate of Wuning, 70 miles north-west of Nanchang, in an assault yesterday morning. Bitter fighting raged for a considerable time.

A part of the Japanese troops at Wuning are withdrawing eastward.

A senior detective inspector of the City of London Police was dismissed after a long sitting of the Disciplinary Board.

The main allegation against him was that he improperly associated with a prisoner on remand. Sir Hugh Turnbull, Police Commissioner, presided, and evidence was given by two Scotland Yard officers.

## GOVERNMENT HOUSE BOWLS MATCH

His Excellency the Governor entertained a team from Club de Recreio to a friendly lawn bowls match at Government House yesterday. The visiting team were the winners on all three rinks. The results were:—

F. Xavier, F. V. V. Ribeiro, J. E. Noronha, and the Hon. Mr. Lee d'Almada e Castro Jr. (skip) beat Mr. Walker, Brig. T. McLeod, Mr. J. Deakin, and Sir Geoffrey Northcote (skip) 21-12.

Messrs. L. Gutierrez, F. Yvanovich, A. M. Rodrigues, and J. J. Basto (skip) beat Mr. J. A. Fraser, Mr. Milne, the Hon. Mr. S. H. Dodwell, and Mr. Searle (kip) 24-13.

Messrs. H. A. Botelho, C. M. Alves, L. Xavier, and R. F. da Luz (skip) beat Mr. Collins, Mr. Justice R. E. Lindell, Mr. H. H. Pegg, and Mr. J. O. B. Fender (skip) 22-11.

## TWO OUTBOARD MOTORS STOLEN

Two reports of outboard motors being stolen from private yachts at the Causeway Bay anchorage were made to the police yesterday.

One motor, of 45 h.p., bearing on it the number 56378 and the wording "T.M., Sweden" was lost by Major Symes of No. 14, The Peak. A reward is being offered for its return.

Another loss was reported by Mr. C. F. Deadman, of the Royal Naval Dockyard, from aboard his cutter, the "Pat." This motor is of 16 h.p. and bears the maker's name "Hong Fat."

Captain James Cook, master of the torpedoed liner Athenia, was engaged in chasing German submarines as a Lieutenant in the Navy during the last war. He is in the fifties; a Scot.

## JAPANESE CALL OFF ANTI-BRITISH MOVEMENT: CHANGE OF POLICY TO BRITAIN

### ITALO-GREEK NON-AGGRESSION PACT

LONDON, Nov. 1 (Reuter).—It is learned that a Non-Aggression Pact between Greece and Italy is expected to be signed shortly.

The Pact will probably be a re-affirmation of a similar agreement between the two countries which was signed in 1928. The new agreement may be regarded as a stabilising influence in that part of Europe and, as such, is welcomed in London.

The British Government, it is understood, was kept informed of the progress of the talks.

### INDIAN AIR FORCE RESERVE

(Reuter's Special War Service)  
NEW DELHI, Nov. 1.—Recruiting has started for the new Indian Air Force Volunteer Reserve, consisting initially of five flights, primarily for coast defence.

The flights will be stationed in Karachi, Bombay, Madras, Calcutta and Delhi and the machines will be manned mostly by Indians enlisted for the duration of the war, with the option of subsequent peace-time service together with the nucleus of the regular service personnel.

### SWING FROM THE TOTALITARIANS

PEKING, Nov. 1 (Reuter).—Informed Chinese political circles declare that the Japanese authorities have issued orders for the cessation of the anti-British Movement in this area.

While it remains for events to prove this, well-informed circles emphatically declare that the Chinese Police are under orders to remove anti-British banners fixed across the streets and anti-British slogans posted on the wall and to destroy anti-British posters and pamphlets, all within the next few days and also remove pickets from British premises.

### CHANGE OF POLICY

The same circles declare that this development represents the changed Japanese policy towards the development of friendly relations with the Democracies and a corresponding swing from the Totalitarians.

### DJEBEL WINS MIDDLE PARK STAKES

LONDON, Nov. 1 (Reuter).—The Middle Park Stakes, run today, resulted as follows:—1. Djebel (9 to 1); 2. Tantmieux (9 to 4); 3. Godiva (10 to 1). There were 20 starters, Djebel winning by two lengths. Three-quarters of a length separated the second and third.

## EVEN TOKYO DENIES

Continued From Page 1

gorically denying that there is the slightest truth that negotiations are going on between Chungking and Tokyo.

Chungking messages are equally emphatic in stating that the possibility of peace is strongly denied by well-informed Chinese.

Nevertheless, there is persistent talk of the possibility of peace in Shanghai business circles.

### SPECULATORS' WILLS

The effect of this incessant peace talk is reflected partially in the present firmness of the Chinese Dollar.

At the same time, however, it must be stressed that the whole situation in Shanghai is somewhat confused due to the fact that speculators seize every opportunity to keep rumours, such as those concerning peace prospects, afloat with the view of feathering their own nests.

The latest crop of rumours may be the outcome of the official Japanese decision to "dispose of the China Incident."

The United States Charge d'Affaires in Berlin has informed the Government that they will be held responsible for the safety of the American crew of the City of Flint.

# ROYAL SCOTS SURPRISE: RESHUFFLE "MIDDS" TEAM MADE TOO LATE

## Week-End Soccer Reviewed

BY "PILAT"

What must be regarded as the best feat so far in the League this season is the Royal Scots' brilliant victory over the Middlesex. The latter, a much fancied team were hitherto undefeated.

For this victory the Scots must thank Hossack, their very energetic leader, whose "hat trick" crowned a really magnificent performance. Hossack seemed to be right at the top of his form and has so far bagged a total of five goals.

The score of 4-1 does not in any way show the desperate fight put up by the "Diehards" to keep their 100 per cent record.

The inclusion of Bright was no doubt a surprise to many, but, in my opinion, he was wasted in the centre-forward berth. Late in the second half the "Midds" reshuffled their team, Bright dropping back to his usual place as pivot with Sheehan leading the attack, but the change was made too late.

The Scots thoroughly deserved their win. They played more enterprising football, their open game in contrast with the close-passing game of the "Midds" was a delight to watch while the quick tackling and first-time clearances of the backs also proved an effective counter to the Middlesex type of play.

**DAZZLING DISPLAY**  
Giving a dazzling display of fast soccer last Sunday, Eastern gradually won over the Navy's stubborn resistance and eventually won by six goals to two. In the first half the Navy were more than holding their own and the fact that the whistle went with a goal for each, shows how well the sailors fared against their more versatile opponents.

The fast pace of the first period, however, told on the Naval men. They fell off badly to allow the Chinese to score five further goals, replying with only one.

Kong Sui-keng, Eastern's newest acquisition, played a grand game at right-back. Kong, I understand, comes from Macao and, on Sunday's showing, has established himself as one of the best defensive players the Colony has seen.

The Executive Yuan on Tuesday ordered the organisation of Opium-Suppression Supervisory Boards in Szechwan, Sinking, Yunnan, Kwelchow, Shensi, Kansu and Fukien to speed up the eradication to the drug.

**ANOTHER DEFEAT**  
Despite an almost complete re-organisation of their line-up, the Club, though they showed a stronger defence, was once again defeated, this time at the hands of Kwong Wah. The electricians, after being checked in the very early stages, soon got the upper hand and from then on never looked back at no time allowing Club a chance of settling down to more constructive play.

Kowloon and the Police were seen in a drawn game, neither side managing to register a goal. The game was dull and uninteresting. Poor finish on the part of the forwards on both sides spoilt many scoring opportunities.

In the closing few minutes of the game the referee had to make good use of the whistle, both teams being guilty of many minor infringements.

The Executive Yuan on Tuesday ordered the organisation of Opium-Suppression Supervisory Boards in Szechwan, Sinking, Yunnan, Kwelchow, Shensi, Kansu and Fukien to speed up the eradication to the drug.

## Falling Off In Output

### GESTAPO WATCH NAZI WORKERS

(Reuter's Special War Service)

PARIS, Nov. 1 — German workers in war factories are being watched by special sections of the Gestapo, who are seeking a reason for the considerable falling off in output in recent weeks, according to the "Paris Solr."

The reports add that employers complain of the difficulty of financing orders since the Rentenbank can no longer accept Tax Bonds and that workers dislike mass transplants which are breaking their morale.

Chai Kin Ying, Man Ho Choy, Lam Kwok Sun, Kung Tung Wang, Li Sze Wun, Lam Oi Wan, Lai Cheuk Lap, Wong Yin King, Yip Chuen Wing, Chu King Hee, Tam Chung Kwong, Yip Sing, So Yik Ling, Lau Wing Kwan, Lo Kwok Wah, Law Man Sang, Chu See, Fung Wai Chiu, Miss Tse Lun Kam, Wong Hoi Ching, Ip Chi Chun, Lam Yiu Sum, W. WHEN Headaches — Pain — High Temperatures, and numerous conditions of ill-health appear you want RELIEF, and Quick Relief, to get back to normal. This is where the use of 'ASPRO' is so valuable. It acts quickly and safely. Quickly because you get rapid relief—Safely because it is pure and conforms to the standards laid down by the British Pharmacopoeia, the guiding authority of the Medical Profession. Furthermore, 'ASPRO' relieves the numerous complaints listed below, because, after ingestion in the system, it is a powerful germicide, and is anti-pyretic—anti-periodic and anti-fermentative. Always keep 'ASPRO' in the Home ready for emergency. 'ASPRO' DOES NOT HARM THE HEART.

### 'ASPRO' for Headaches and Neuritis

167 Union Street, Erskineville, N.S.W.

Sirs, I am an obstetric nurse, and my profession takes me on numerous journeys, which mean long hours in all kinds of weather, and at times I have felt that I could not carry on, but thanks to the wonderful 'ASPRO' Tablets—which I am never without—I have had instant relief from Headaches and Neuritis.

I have nursed four generations, and have always advised my patients to try 'ASPRO' Tablets for complaints too numerous to mention, and all have been loud in their praise for the wonders which 'ASPRO' has done for them.

You may use this testimony in any way you wish, for I am very grateful for the relief which I had from 'ASPRO'.

Yours truly,  
(Sgd.) NURSE ELDER

### Nerves were in a Terrible Way — 'ASPRO' a Surprise

1 Garden Street, Middle Brighton, S.S. 15/12/32

Dear Sirs,

Last week I had 18 teeth out, and not being well my nerves were in a terrible way; in fact, I had to be taken home from the dentist. I went on for a couple of days in terrible pain with my head and eyes, due to my nerves, so I had to go to a doctor. On my way home I bought a packet of 'ASPRO'. I took three and laid down, and to my surprise I woke up feeling lovely. Now, if I feel a slight headache at all I fly to my 'ASPRO'. I think 'ASPRO' should be in every home, and I have seen how much it has done for me. Once tried, always used.

Yours faithfully,  
(Sgd.) Mrs. H. VIVIAN

# Two Puppet Officials Shot At

## YET ANOTHER SHOOTING IN SHANGHAI

CHUNGKING, Nov. 1 (Central) — The International Settlement Police are investigating a shooting incident involving two puppet officials, which occurred yesterday, a Shanghai despatch reports.

The victims, King Wen-chang and Feng Kung-chun, were walking near the intersection of Avenue Road and Tsinan Road when four men in a motor car passing by fired six shots at them. The gunmen made good their escape.

King, who sustained wounds in his abdomen and arms, died on the spot. Feng was wounded in the chest.

# Finance and Commerce

## FIXED SAVINGS IN FOREIGN CURRENCIES

CHUNGKING, Nov. 1 (Central).—The Ministry of Finance, in a proclamation yesterday, announced the institution of fixed savings in foreign currencies as a further step to encourage savings and induce capital for national reconstruction.

British, American, French and other foreign currencies approved by the Ministry may be deposited in either of the four government banks, namely, the Central Bank, the Bank of China, the Bank of Communications and the Farmers' Bank.

### REPAYMENT

Repayment of principal and payment of interest will be in the same kind of foreign currency as deposited. The rates of interest are fixed at 4 per cent., 5 per cent., 6 per cent. and 7 per cent. for deposits of two, three, four and five years respectively.

National currency may also be converted into foreign currency at the exchange rate announced and deposited in either of the four government banks or any other Chinese bank undertaking savings with the authorisation of the Ministry. The maximum amount of deposits of this category is \$20,000 national currency. The rates of interest are fixed at 2 per cent., 2½ per cent. and 3 per cent. for deposits of three, four, and five years respectively.

## CHINESE DOLLAR HAS NOW DEFINITELY ESCAPED THE QUICKSANDS: INFLUENCE OF MOB PSYCHOLOGY

SHANGHAI, Nov. 1 (Reuter).—The various influences at work in the recent steadiness of the Chinese dollar is the subject of a lengthy comment by "Finance and Commerce," the leading financial weekly, in a review of the local exchange market in the past week.

Pointing out that the steady appreciation of the dollar last week was accompanied by a general feeling of optimism that the dollar had definitely escaped from the quick-sands and would stay in future on higher and more solid ground, "Finance and Commerce" states that the fact that this impression prevails is in itself of the most material assistance to the market.

"What may be termed mob psychology has a considerable influence on exchange. A few weeks ago, when the dollar was below three-pence-half-penny, the opinion was freely expressed that there was nothing to prevent its plunging into an abyss and its final disappearance.

### CONFIDENCE RESTORED

"Since it has been showing signs of revived strength and vitality, public confidence has been, to some extent, restored. . . . When one turns we all turn state of mind which is implicit that the motto has affected the course of exchange more than any other single factor; but such questions as who, or what, started the turning movement and how long it will be before there is a right-about-face is difficult to answer."

"Finance and Commerce" then declares that the selling of sterling from Hongkong was accentuated recently by the exchange restrictions in the Colony probably brought the first much-needed assistance to the dollar.

### NOT SPECULATIVE

There has also been selling, under similar circumstances, from Singapore, while Indo-China and Manila have contributed their quota in connection with trade requirements and now the local Chinese, of whom large numbers possess varying small amounts of exchange, are keeping the ball rolling.

Selling by the latter is not of the speculative variety and they are purchasing dollars again because the period of steadiness and the suggestion of an upward trend has convinced them that the time is opportune and that further delay may place them in a less advantageous position.

### THE FUTURE

Among Chinese bankers and businessmen, who are in the best position to read the financial barometer, the impression appears to be that selling will continue for another month or two and, as a consequence, a fairly steady market may be anticipated until about the end of the year.

Beyond that period, no one ventures to forecast. Everything will turn upon developments in the political field, the issues of war and peace and the state of trade.

## Development Of Szechuan Coal Mining Described

Coal mines in Szechuan produced over 1,000,000 tons in 1938, according to recently published figures. Over half, 525,000 tons, came from mines in the eastern section of the province, along the Kialing and Kikiang rivers and at Yungchuan. Mines in western Szechuan contributed 300,000 tons with the remaining 175,000 tons from mid-regions.

Mines in eastern Szechuan are assured of a good future. Both in reserves, transportation facilities and geographic nearness to market, they are superior to those in other parts of the province. Chungking alone consumes 400,000 tons of coal a year. With so many factories moved from down-river cities, the demand for coal in Chungking is bound to increase as time goes on.

Along the Kialing River, which meets the Yangtze at Chungking, no less than 300 coal mines are

operating. Pailiaoze, Kiangpei county, has three fair-sized mines, with an aggregate daily output of some 550 tons. The mines at Hsiansikow, Fishan county, have a combined production of 300 tons a day.

### IN THE WEST

The coal mines in western Szechuan are centred between the Min and the Tatu rivers. When the Suifu-Kunming Railway is completed and when new industrial centres are established at Loehai (Kiating) and Ipin (Suifu), the demand for coal in that region will necessarily increase.

North of the Mapien River, the Ministry of Economic Affairs has set aside a large district to be mined by the government. A \$1,200,000 Kiangyang Coal Company has been organized by the National Resources Commission, the Chung Fu Mining Administration, the Ming Sung Industrial Company and the Mei Feng Bank. Parts of the machines and technical workers from the Chung Fu mines in Tsiaotso, Honan, are being utilized by the Kiangyang company. It is planned to produce 500 tons a day in the first stage, and 1,000 tons a day in the second.—(ENT)

## COMMODITY MARKET REVIEW

(FROM PAYNE &amp; CO.)

New York, October 31.

SINGAPORE RUBBER	October 30	October 31
S P O T	36 buyers	38-1/2 buyers up 1/2
JAN-MARCH	34-1/2	35 up 1/2
APRIL-JUNE	34	34-1/2 up 1/2

The market was steady.

**COTTON:** December position was steady due to the strength of spots. Distant positions show hesitation on the absence of news regarding the Loan announcement. There was a moderate amount of speculative profit-taking and realising.

**RUBBER:** The market was steady, being largely the reflection of the firmness of the London and primary markets. Reports of London buying are continuing. Manufacturers bought, while dealers sold only on advances.

**WHEAT:** Continued drought reports and the strength of Cash wheat stimulated the market. Lack of an indication of early relief is an additional bullish factor.

**HIDES:** The market was heavy, reflecting the seasonal rise in supplies and the uneasiness of the stock market. Tanners showed no interest on declines. The market lacks rallying power.

**NEW YORK STOCKS:** Previous close, 153.21; Today's close, 151.88; Change, off 1.33.

**THE CESAREWITCH**

**Historical Background  
Of Today's Big Race**

**Longest Flat Handicap Of  
Major Racing Season**

(BY "CAPT. HAWK")

This is the famous English sire Son-in-Law, whose offsprings  
have figured prominently in the Cesarewitch in recent years.  
Son-in-Law himself won the Cesarewitch in 1915.

Horse-racing under war conditions in England must  
hold a special thrill for race-goers and the decision reach-  
ed by the authorities at Home to permit the resumption of  
racing on a modified basis will not only prove a welcome  
relaxation to turf enthusiasts in England, but will also  
carry the same measure of thrill to patrons of the turf even  
in this remote corner of the Empire.

The running of the Cesare-  
witch at Newmarket today  
will, therefore, attract special  
attention in Hongkong,  
where, even at this distance,  
betting has already taken  
place amongst keen punters,  
who will no doubt listen in to  
the result as it comes over the  
radio. The race usually takes  
place about 3 p.m. (Green-  
wich time), which is about 11  
p.m. (Hongkong time).

**LONGEST AND OLDEST**

The longest, and one of the  
oldest, of the major handicap  
events of the English turf, the  
Cesarewitch is run over a distance  
of two-and-a-quarter miles for  
stakes of £2,655. It is run every  
year at Newmarket, most famous  
of all English racing centres.

London is 70 miles from New-  
market, but that does not deter a  
huge crowd from setting out to the  
site of the great handicap on the  
second Wednesday of each Octo-  
ber. This year, however, the event  
is being run on the first Thursday  
in November, the postponement  
no doubt being due to the exigen-  
cies of the moment.

**ROYAL PATRONAGE**

Royalty has always patronised  
Newmarket on Cesarewitch day,  
ever since 1805, when James I  
made a special pilgrimage there  
and marked the occasion by dub-  
bing several of his brother sports-  
men knights. It is on very rare  
occasions that the reigning  
monarch has failed to be present.

No handicap in the entire  
English flat-racing season  
grips the public imagination  
like the Cesarewitch. The race  
has contributed many striking  
pages to turf history and more  
fortunes have been won and  
lost on this race than on any  
other, even including the  
Derby.

A point which will interest  
students of breeding is that, in  
the past, it was a habit of those  
searching for the winner of the  
Cesarewitch, to single out sons of  
SANTO. Now, however, sons and  
grand-sons of that famous sire,  
Son-in-Law, seem to merit most  
attention.

**PREVIOUS RESULTS**

In 1934 the race was won by En-  
field, whose sire Winalot was by  
Son-in-Law. In 1935 the event  
was won by Near Relation, a fine  
colt by Son-in-Law. In 1936, the  
first and second places were taken  
by offsprings of Son-in-Law, Fet  
and Near Relation being first and  
second, with only a neck between  
them.

In 1937 and last year the win-  
ners were Punch and Contrevent.  
These two, however, broke the  
long line of Son-in-Law winners.  
Unfortunately records are not  
available in Hongkong of the  
pedigrees of this year's runners  
and I am, therefore, unable to  
comment on their chances from  
the breeding point of view.

**LIST OF RUNNERS**

The full list of runners and  
jockeys, as reported by Reuter in  
yesterday's issue, is as follows:—

**DUKE OF WINDSOR  
AT THE FRONT**

PARIS, Nov. 1 (Reuter).—  
The Duke of Windsor visited  
the French front lines yester-  
day. He watched artillery in  
action and talked to troops  
returning from a patrol of

**HOCKEY  
CLUB, SHORT OF SEVERAL  
REGULARS, BEATS RADIO**

Radio Sports Club put up a creditable display against the  
Hongkong Hockey Club 1st XI in a friendly hockey match  
played at King's Park yesterday, and were beaten by the  
comparatively small margin of three goals to one.

Radio fielded several players who  
were not up to senior standard,  
but managed to put up a good  
enough display. They were best  
served by B. Souza, "in goal, who  
made several fine saves, while M.  
H. Hussain, in the intermediate  
line, and Gurbachan Singh and  
Awatar Singh, among the forwards,  
were other players who gave a  
good account of themselves.

Club were again short of several  
senior team regulars, G. E. R.  
Divett, V. O. Bond and Norman  
Whitely being three notable ab-  
sences. The attack was conse-  
quently again somewhat put off  
edge with a forward line newly  
patched up.

E. F. A. Morgan returned to the  
centre-forward berth, and Sidney  
Fowler was played to better effect  
in his more usual position at out-  
side-right.

**EVENTFUL RUGBY  
ENCOUNTER**

(By "Hooker")

A Navy XV once again trounced  
the Club "A" XV in an interesting  
rugby encounter yesterday.

The game started with the Club  
playing only 13 men, and the  
Navy were quick to take an ad-  
vantage of this. The Navy for-  
wards easily ruled the game at  
this point, and after several very  
useful movements, a loose kick  
by one of the Club forwards gave  
the sailors possession.

The ball travelled smoothly  
along to Bowden, on the right  
wing, who brilliantly beat two  
men to touch down near the cor-  
ner flag. Kay, taking the kick,  
aced it beautifully between the  
sticks, and the Navy were five  
points up.

The Club were now fielding a  
full team, but the Navy never let  
them settle down, and a bad  
movement by the Club three after  
Bidwell and Butcher had both  
handled well let in the Navy a  
second time and Bowden scored a  
further try. Kay failed to add the  
extra points.

**SAILORS ATTACK**

The sailors were quickly on the  
attack again, but Butcher relieved  
the situation with a good run  
down the centre of the field.  
Layle, however, spoiled the move  
by knocking on. From the ensuing  
scrum the Navy, who were getting  
the honours in hooking, gained a  
favourable position, and a scissors  
movement between the Navy  
halves saw Clark go over near the  
posts and Kay had little difficulty  
in converting.

The Navy backs at this stage  
were playing very open  
rugby and were always dangerous  
in possession.

A breakthrough by Butcher saw  
the Club open their account, for  
his pass sent Hopkins over for a  
try.

Play opened in the second period  
with Bidwell and Butcher trying  
to rally an already beaten Club  
fifteen. Kay was keeping the  
game open and he placed the  
Navy in a good position near the  
Club line. From a scrum about  
five yards from the Club line the  
ball was heeled on the blind side  
and Bowden, picking up smartly,  
sailed over the line for his third  
try, but Kay failed to majorise.

**SMART INTERCEPTION**

From the kick-off, play was  
confined for a while in the centre  
of the field, but a smart intercep-  
tion from a Butcher pass saw Hall  
score after a good run between  
the posts. Kay made no mistake  
with the conversion.

The Navy were now playing as  
they wished, and Kay completed  
the Navy scoring with the best try  
of the afternoon, for he sold the  
dummy to five men before going  
over between the sticks. The same  
player had little difficulty in add-  
ing the extra points.

The final score was:—Navy, 26;  
Club, 3.

Teams:—  
Club:—Hopkins, Lammert, La-  
valle, Forrow, Van Leeuwen, But-  
cher, Bidwell, Heasmen, Burford,  
Shout, Benn, King, Castleton,  
Moody, Wanklyan.

Navy:—Pascoe, Hall, Carter,  
Jeffries, Bowden, Clark, Kay,  
King, Bally, Brown, Spirit, Long-  
muir, Williams, Yendall, Johns.

**FOREIGN MAILS**

HONGKONG, THURSDAY, 2nd NOVEMBER, 1939, 8.30 A.M.

Small Packet Post to all countries is suspended.

**ADDITION OF SENDER'S ADDRESS**

Every article sent through the Posts should bear in the  
left-hand corner, or on the back, the name and address of the  
sender, so that the Post Office may be able in case of non-delivery,  
to return it unopened and without delay. A large number of un-  
delivered articles are destroyed every year at the Returned Letter  
Office because they contain no clue, outside or inside, of the where-  
abouts of the senders.
